Printing

• Use the file for your paper: US Letter in the US and Canada, A4 almost everywhere else.

• In the print dialog choose 100% or “Actual size” — not “Fit to page”.

• Print in greyscale with draft mode off, so the outlines come out crisp and dark.

• Plain paper is fine for pencils and crayons. Gel pens and fine-tip markers: 100–120 gsm (28–32 lb). Alcohol markers: 160 gsm or card.

• Every design is on its own page, so nothing bleeds onto the next picture.

License — personal use

Print as many copies as you like for yourself, your own family or your own classroom. Please don’t share, upload, resell or give away this file or the printed pages, and don’t use the artwork commercially. Need a whole-school or commercial license? Email us.
